

NACP Intensive White Papers received

Dec 03

1. *Atmosphere-Surface Carbon Exchange over Forested Landscapes of the Southeastern United States.* Forrest G. Hall, Jeff Masek, Robert Knox, James Collatz, Betsy Middleton, Mark Imhoff, and Warren Cohen. UMBC/JCET, NASA/GSFC, OSU. **NACP_INTENSIVE_WP_001**
2. *The Chesapeake Bay-Mid-Atlantic Bight (CMAB): A Proposed NACP Coastal Ocean Field Intensive Site.* Antonio Mannino, Forrest Hall, Frank Hoge, Randy Kawa, Robert Knox, Charles McClain, Elizabeth Middleton, Robert Swift, Alexander Chekalyuk, Lawrence Harding, John Moisan, and Tiffany Moisan. NASA/GSFC, UMBC, NASA Wallops Flight Facility, EG&G Corporation, Hampton University, University of Maryland/Horn Point Environmental Laboratory. **NACP_INTENSIVE_WP_002**
3. *Mid-Continent NACP Intensive Campaign in 2005.* Pieter Tans. NOAA/OAR/CMDL. **NACP_INTENSIVE_WP_003**
4. *Pilot Studies for Enhanced Forest Land Measurements.* R.Birdsey, D.Hollinger, L.Heath, C.Hoover, R.Kolka, M.L.Smith, and M.Ryan. USDA Forest Service. **NACP_INTENSIVE_WP_004**
5. *A Proposed NACP Intensive Field Experiment along the West Coast of the US.* Mike Goulden, Beverly Law, and Dennis Baldocchi. University of California-Irvine, Oregon State University, University of California-Berkeley. **NACP_INTENSIVE_WP_005**
6. *A Coupled Study of the Exchange of Carbon Cycle Gases at the Surface and in the Column of the Atmosphere over the ARM-CART, Southern Great Plains Region.* Joe Berry, Scott Denning, Marc Fischer, Dave Randall, Bill Riley, and Margaret Torn. Stanford University, Colorado State University, Lawrence Berkeley National Laboratory. **NACP_INTENSIVE_WP_006**
